

ADAPT™

EYEWEAR EVOLVED

With or without a mask, ADAPT safety glasses provide next-generation functionality and unsurpassed comfort.

AWARD-WINNING DESIGN

- Soft flexible flange helps protect against flying particles
- Toric lens shape for a closer fit
- Reduced lens dimensions for added space in the nose bridge area, allowing for a comfortable fit with a respirator
- UV filter and high anti-scratch coatings
- Anti-fog coating helps support clear vision
- Meets the following standards: ANSI Z87.1, CSA Z94.3 and AS/NZS 1337.1

WELCOME COMFORT

- Unique soft flexible flange means no cumbersome nose pad
- Flexible soft grip temples
- Ultra-light construction
- Available in clear, smoke, indoor/outdoor, amber and blue mirror.

IceShield™ scratch-resistant and anti-fog coating delivers reliable UV protection while helping to support clear, distortion-free vision. The durable coating helps extend lens life in demanding work environments. Users benefit from reliable visual clarity, even in changing temperatures and humid conditions.

INDUSTRIAL
