Our Family of EcoStation® & PlugStation® Dispensers

MOLDEX®

Ideas that wear well.®

WHY MOLDEX?

In 1999, Moldex invented the PlugStation earplug dispenser. Earplugs everywhere and anywhere, instantly bringing more hygiene, convenience and cost savings to hearing protection programs.

Our family of earplug dispenser solutions are:

ANYWHERE AND EVERYWHERE
Using either the included wall-mounted bracket or the innovative Moldex Magnetic Bracket, you can install our earplug dispensers virtually anywhere and everywhere to help increase compliance and make it convenient for workers to protect their hearing.

DESIGNED TO REDUCE WASTE AND COST
Users take only one pair of earplugs at a time. This helps to prevent wasteful grabbing of multiple pairs, which in turn will help lower overall hearing protection program costs.

RECYCLABLE
All empty EcoStation® bottles are 100% recyclable in the standard #1 "blue bins."

100% PVC-FREE
Moldex has taken a leadership position among global PPE manufacturers in creating products and packaging without the use of harmful PVC.

INDEPENDENTLY TESTED
All of our earplugs are independently tested by Michael & Associates Laboratory to ANSI S3.19-1974. We independently test all of our NRR ratings because we believe our users deserve to have full confidence in the level of protection they can expect to receive when their hearing protection devices are worn properly.

MADE IN AMERICA
We are proud to support our economy and our country by making all of our earplugs and manual dispensers right here in the U.S.A.

MAJORITY
of our products are made in U.S.A.

PVC FREE
100%
All Moldex products are PVC Free.

100%
of our display boxes are printed on recycled board.

100%
of our marketing literature is printed on recycled paper.

EcoStation™

INCREASED COMPLIANCE AND COST SAVINGS

- ✓ **Economical** to help lower hearing protection program costs.
- ✓ **Snap-in refill** for the fastest and easiest changeover available. The sealed refill also helps to prevent contamination.
- ✓ **100% recyclable bottle**

EARPLUGS EVERYWHERE AND ANYWHERE THEY'RE NEEDED

EcoStation™

Innovation and sustainability are at the heart of our products, and these values are clearly demonstrated in the original EcoStation. All of our EcoStation products feature a snap-in refill that can be changed in seconds and the empty bottles are 100% recyclable. Plus, workers take only one pair at a time, so there is less waste Less waste means more cost savings. Lower cost per pair than packaged earplugs.

500 Pairs

EcoStation™ XL

The EcoStation XL dispenser comes with 750 pairs of earplugs, offering greater earplug quantity and reducing bottle change out frequency for staff.

- 750 pairs in each bottle, to last longer and reduce changeover.
- 100% PVC-Free, for reduced environmental impact.

750 Pairs

TouchFree EcoStation™

A HYGIENIC SOLUTION TO EARPLUG DISPENSING

Hearing protection has never been easier to access. Simply place your hand under the automatic dispenser and a pair of earplugs will drop right into your palm. With the TouchFree EcoStation in your corner, you can eliminate touch points and choose a cleaner, more sustainable workplace for all.

500 Pairs

MAGNETIC BRACKETS FOR ALL ECOSTATIONS & PLUGSTATIONS

KEEP AN EARFUL WITHIN EASY REACH

Hang earplug dispensers throughout a facility in seconds and make it easier for workers to quickly access their hearing protection. Moldex magnetic brackets are the first of their kind and fully compatible with all PlugStations and EcoStations.

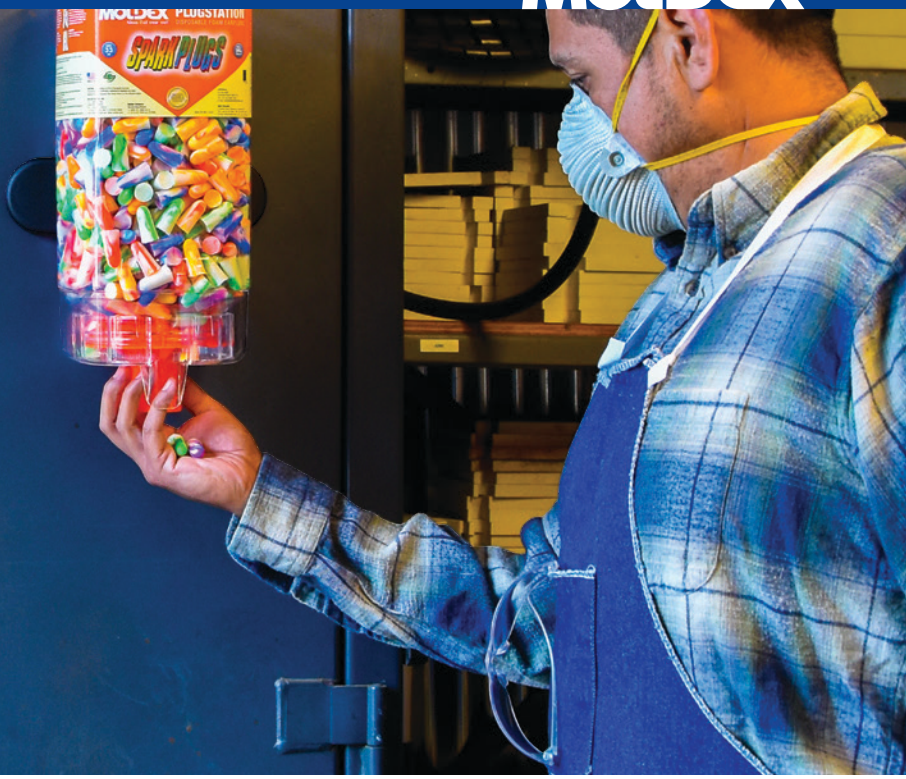
Hang almost anywhere from vending machines to lockers & metal cabinets!

MOLDEX

PlugStation™

THE ORGINIAL, MOST POPULAR EARPLUG DISPENSER ON THE MARKET

- ✓ Sealed container to ensure plugs remain clean and sanitary.
- ✓ Workers take one pair at a time there is no wasteful grabbing of multiple pairs or pocket fill-ups.
- ✓ Easy, convenient access to hearing protection will help ensure that the earplugs are being used and will save time.
- ✓ Hygienic, cost-efficient, PVC-free and easy to hang/remove.



UNCORDED PLUGSTATIONS

- Our most popular product.
- A style and fit for everyone.

500 & 250 Pairs

CORDED PLUGSTATIONS
