DISPOSABLE EARPLUGS

6609 Camo Plugs,
Corded

6608 Camo Plugs,
Uncorded

MOLDEX®
Ideas that wear well.™

SOFT COMFORTABLE FIT

Camo Plugs are made of extra-soft, extra-light foam. Their tapered shape fits easily in the ear canal and seals gently and snugly without uncomfortable pressure. They're so comfortable you'll forget you're wearing ear plugs. Good hearing is essential. When you're in and around weapons fire, aircraft, noisy vehicles or watercraft, it's important to protect it. Camo Plugs from Moldex give you the serious protection you need.

HIGHEST INDEPENDENTLY TESTED NRR 33

Camo Plugs offer a high NRR 33 rating, making them suitable for most noisy environments. So, while they look like fun, they provide serious protection for serious users.

AVAILABLE IN PLUGSTATION DISPENSER

Moldex offers the convenience, increased compliance and cost savings of our popular earplug dispenser, the PlugStation® with Camo Plugs foam earplugs, Uncorded. With the PlugStation, you can afford to put earplugs in all the places they're needed. PlugStation's convenience, ease of use, and high visibility lead to higher compliance and by giving quick access to workers it also saves worktime.

- Compliance — High visibility to increase awareness for your hearing conservation program.
- Convenience — Hang a PlugStation anywhere plugs are needed.
- Cost Savings — Workers take one pair at a time so there are no wasteful grabbing of multiple pairs.

FEATURES

- Highest Independently tested NRR 33.
- Extra-soft, low-pressure foam for comfort and fit.
- Tapered shape for easy insertion and removal.
- Shaped to fit even very small ear canals.
- Non-irritating smooth surface.
- Look for the exclusive colored streaks and swirls as a symbol of Moldex quality.
- 100% PVC-Free.

ATTENUATION DATA

Tested According to ANSI Specs S3.19-1974 Michael & Assoc., State College, PA.

Frequency (Hz)	125	250	500	1000	2000	3150	4000	6300	8000		
Mean Attenuation (dB)	42.3	43.7	46.6	40.9	38.6	44.7	46.9	49.3	48.3	NRR 33	CSA AL
Standard Deviation (dB)	5.0	6.0	5.8	4.2	2.8	3.2	3.3	4.2	3.6		

WARNING TO USER

1. Use these laboratory derived attenuation data for comparison purposes only. The amount of protection afforded in field use often is significantly lower depending upon how the protectors are fitted and worn.
2. Failure to obtain a proper fit will reduce effectiveness of hearing protectors and could result in hearing loss or injury.
3. Over protection can be dangerous. The wearer must be able to hear warning signals.
4. Wearers with hearing loss should exercise extreme caution.
5. It is the employer's responsibility to ensure that the type of hearing protector and its rating is appropriate for the user in their particular workplace.
6. Failure to follow all instructions and warnings could result in increased risk of hearing loss, serious injury or death.
7. Use caution when working around machinery or any other equipment to ensure neck cord does not become caught or entangled.
8. Camo Plugs foam earplugs must only be used as part of a hearing conservation program that complies with applicable local safety and health regulations.

MOLDEX TECHNICAL ASSISTANCE

Moldex provides all of the technical assistance required to set up a hearing protection program. For more information call +1 (800) 421-0668 or +1 (310) 837-6500 ext. 512/550 or E-mail: tech@moldex.com or visit www.moldex.com.

Keep earplugs away from infants and small children as they may get caught in the windpipe and create a choking hazard.
