WARNING

1. Use these laboratory derived attenuation data for comparison purposes only. The amount of protection afforded in field use often is significantly lower depending upon how the protectors are fitted and worn.
2. Failure to follow all instructions could result in hearing loss, serious injury or death.
3. Failure to obtain a proper fit will reduce effectiveness of hearing protectors and could result in hearing loss or injury.
4. Over protection can be dangerous. The wearer must be able to hear warning signals.
5. Wearers with hearing loss should exercise extreme caution.
6. It is the employer's responsibility to ensure that the type of hearing protector and its rating is appropriate for the user in their particular workplace.
7. Failure to follow these warnings could result in serious injury or death.
8. Zebras earplugs must only be used as part of a hearing conservation program that complies with applicable local safety and health regulations.
9. If irritation, redness or discomfort occurs, discontinue use and consult a licensed health practitioner.

Keep earplugs away from infants and small children as they may get caught in the windpipe and create a choking hazard.
