STAY COOL ON THE JOB
Workers stay cooler with an exhale valve that reduces hot air build up. There’s less breathing resistance and workers don’t have to break midshift to cool off.

EASY FIT, MORE COMFORT
The molded nose bridge with soft foam nose cushion provides the wearer an easy comfortable fit. There’s no metal noseband to adjust and the seal is maintained without pressure points.

DURA-MESH® SHELL LASTS LONGER
The exclusive Dura-Mesh shell protects the filter media so it stays cleaner-looking longer. The shell also resists collapsing in hot, humid environments so the respirator holds its shape longer. The result is fewer respirators used and lower costs.

SUITABLE FOR WELDING
2300N95 Series Particulate Respirators are suitable for most welding applications.

FEATURES
- Available in three sizes to fit most workers and increase OSHA compliance.
- Exclusive Dura-Mesh shell resists collapsing in heat and humidity.
- Molded nose bridge seals easily without a metal noseband.
- Facepiece is naturally contoured without pressure points.
- Straps are securely attached so they don’t break at the seal.
- Softspun® lining for increased comfort and durability.
- Soft foam nose cushion for added comfort.
- Suitable for most welding applications.
- Meets heat and flame resistance in accordance with ANSI/ISEA 110-2009 Section 7.11.1.
- Exhale valve lets workers breath easy and stay cool.
- 100% PVC-Free for a greener alternative.

N95 APPLICATIONS:
N95 PARTICULATE RESPIRATOR WITH VALVE

**WARNING TO USER**

1. Follow all instructions and warnings on the use of this respirator and wear during all times of exposure. Failure to do so will reduce respirator effectiveness, wearer protection and may result in sickness or death.
2. Before use, the user must first be trained by the employer in proper respirator use, in accordance with applicable safety and health standards, for the contaminant and exposure level in the assigned work area.
3. The particulates and other contaminants which can be dangerous to your health include those which you cannot see, taste, or smell.
4. This product has not been sold with warnings or use instructions for personnel involved in healthcare or related situations, where there may be the possibility of contact with disease or biological hazards. If you are considering such uses, first call the Moldex Technical Service Department: +1 (800) 421-0668 or +1 (310) 837-6500 ext. 512/550

**LIMITED WARRANTY IMPORTANT NOTICE TO PURCHASER**

This limited warranty is made in lieu of the warranties of merchantability, fitness for particular purposes and all other warranties, express or implied. There are no other warranties which extend beyond the description on the face hereof. The physical standards and specifications of Moldex will be met by products sold. Exclusive Remedies: damages for the breach of this limited warranty are limited to the replacement of such quantity of Moldex, products proved to be defectively manufactured. Except as provided above, Moldex shall not be liable or responsible for any loss, damage, or liability, direct, indirect, incidental, special, or consequential, arising out of sale, use, or misuse, or the inability to use products by the user.

**MOLDEX TECHNICAL ASSISTANCE**
