HandyStrap® and SmartStrap® masks can be conveniently stored around the neck while on a break, keeping them from getting prematurely thrown away or misplaced.

The first disposable earplug dispenser. PlugStations® hang anywhere earplugs are needed to increase compliance and reduce waste.

The first corded earplug dispenser. Moldex now offers a PlugStation to those that require a corded earplug.

An air pocket in the tip of our Rockets® reusable earplugs provides incomparable comfort.

The 9000 Series full face respirator’s exclusive overmolded technology reduces weight, parts, maintenance and cost.

All Moldex products and packaging are PVC-Free. A scientific study by Nicholas Anastas, Ph.D. Principal, Poseidon’s Trident LLC, and Matthew Eckelman, Ph.D. at Yale University, Center for Industrial Ecology, confirms that considering the full life cycle of PVC vs. Polyurethane and Polypropylene, the scientific data supports the conclusion that use of Polyurethane or polypropylene are “green” alternatives to PVC and are ecologically preferred. Toxic chemicals associated with PVC disposal have been linked to a variety of health hazards.

Moldex has taken a leadership position among global PPE manufacturers in minimizing our environmental impact. We began with the complete elimination of PVC which is linked to one of the most environmentally toxic materials in landfill disposal and this initiative has now grown into a corporate culture that constantly looks to manufacture innovative products that minimize environmental impact.

Green products and packaging

- Removal of all PVC from our products and packaging.
- Dura-Mesh shell on disposable respirators allows fewer respirators to be used and a reduction in the waste stream.
- Respirator Lockers® and Pocket-Paks® are recyclable products.
- Use of recycled paper for all literature and packaging throughout the company.

Moldex’s expertise is hearing and respiratory protection to keep workers safer. This laser like focus results in an offering of innovative world class products.

- Our core products are manufactured in the U.S.A.
- Moldex is specialized in an age of generalization.

Exclusive easy-breathing wave design.
Less resistance, better breathability.
Flex-Fit® comfort waves flex with you.
Soft, cloth SmartStrap® is both hangable and adjustable.

Glide’s unique multi-curved stem custom fits, with just a push and a twist.

With over 50 patents, Moldex® is dedicated to developing innovative solutions that address the hearing and respiratory needs of industrial and healthcare employees.

Some of our industry leading solutions include:

The unique contoured shape of Meteors® follows the curves of the ear canal to create exceptional all-day comfort while still providing serious protection.

Dura-Mesh® provides bi-directional protection from dirt on the outside and moisture on the inside resulting in masks lasting longer, reducing usage and saving money.

Up to three distinct sizes in industrial masks and five sizes in healthcare to address today’s diverse workforce.

Moldex designed the 7000 and 7800 half masks and 9000 full face series to be the most user friendly respirators on the market. These streamlined respirators feature fewer parts, minimal maintenance, and a wider field of vision. They are all ultra-light weight, durable, and economical, so maximum comfort with extended use is built-in. The award-winning 7000/7800/9000 series add up to simple, comfortable, and economical respiratory protection that's just plain EASY TO WEAR.

**7800 PREMIUM SILICONE HALF MASK**

The 7800 Premium Silicone Half Mask has higher resistance to heat and compression, with all the enhanced comfort and durability of silicone.

**7000/7800 FEATURES**

- Adjustable head harness for a custom fit
- Contoured neck buckles for comfort and quick attachment
- Attached exhale cover for easy inspection
- Compact, fits under welding helmets
- Easy mount bayonet cartridge/filter attachment
- Wide flange fits more facial shapes comfortably
- Low profile, angled cartridge placement for wider field of vision
- Compact, fits under welding helmets
- Wide flange fits more facial shapes comfortably
- Atached exhale cover for easy inspection
- Easy mount bayonet cartridge/filter attachment

**7000/7800 in Drop Down Mode**

The versatile 7000/7800 has optional drop down/dock down strap modes.
